Curriculum Overview 2026 onwards

Curriculum Area: Biology, Chemistry and Physics (Triple) Year: 10

Curriculum covered

From September 2025. This continues to cover the content from the Paper 1 GCSE science exams.

Autumn Term

Biology – (B2 *Paper 1*) Organisation: animal & plant tissues, organs and organ systems, health & lifestyle issues.
Chemistry – (C2 *Paper 1*) Bonding: ionic bonding, covalent bonding, metallic bonding, and their properties.
Chemistry – (C3 *Paper 1*) Quantitative chemistry: chemical measurements, conservation of mass, chemical equations, amount and masses, concentration.
Physics – (P1 *Paper 1*) Energy: energy stores, power, efficiency, dissipation and national and global energy resources.

Spring Term

Biology – (B3 *Paper 1*) Infection and response: types, spread and defence of disease, vaccinations, drugs & uses.
Biology – (B4 *Paper 1*) Bioenergetics: photosynthesis, limiting factors, respiration, metabolism, exercise.
Chemistry – (C4 *Paper 1*) Chemical changes: reactivity of metals, reactions of acids, electrolysis
Chemistry – (C5 *Paper 1*) Energy changes: exothermic and endothermic reactions, reaction profiles & energy changes
Physics – (P2 *Paper 1*) Electricity: circuit symbols, DC circuits electricity, mains electricity, power and national grid

Summer Term

Biology – (B7 *Paper 2*) Ecology: adaptations, interdependence, competition, ecosystems, biodiversity & humans.
Chemistry – (C6 *Paper 2*) Rate and extent of chemical change: rate of reaction, reversible reaction & yield
Physics – (P5 *Paper 2*) Forces: types of forces, work done, elasticity, motion, Newton's laws, braking & momentum

Internal Assessment

In lesson time pupils will use formative assessments to check understanding at the point of learning to allow immediate intervention.

After every topic there will be an end of topic test that follows a similar structure to the GCSE exam papers. These will be approximately every term for each of Biology, Chemistry and Physics.
Each topic test has been designed to be in line with exam board requirements for demand and mathematical content.
The feedback from these tests will be used to improve the pupil's knowledge in this topic.

Year 10 pupils will sit a Year 10 exam in April which will be a Paper 1 style GCSE paper for each Biology, Chemistry and Physics.

Exam Board/Exam Paper Requirements/% Weighting
Key dates (mocks and final exams)

AQA Biology GCSE
AQA Chemistry GCSE
AQA Physics GCSE
Each subject has two papers sat in May/June of Year 11.
Each paper is 1 hour 45 minutes each and 100 marks.
Each paper is 50% of the individual GCSE award.
Each subject has Paper 1 and Paper 2.
Each of the papers will assess knowledge and understanding from distinct topic areas.
